RE: Horsehead Corporation – Rockwood, Tennessee  
Permit No. SOP 01-039

Dear Mr. Janjic:

Thank you again for preparing a draft permit so quickly. We have reviewed the draft and would like to offer the following comments for your consideration:

As a matter of clarification on page 2, paragraph 2, sentence 2, insert the words “*with the exception of Moon Springs Pond,*” following the word surface, so that the sentence reads, “The operation must be such that there is no discharge of industrial stormwater to any surface water with the exception of Moon Springs Pond or subsurface stream, ....”

Page 3, paragraph 2, last sentence, change page 7 to page 6.

Page 5, paragraph 1, freeboard requirement, please allow us sufficient time following the issuance of the permit to have the pond surveyed and install a staff gauge or other means to measure the freeboard.

Page 5, paragraph 5, first sentence, please note we do not have any on-site treatment works.

Page 6, please clarify the reporting period.

Please call me or Tim Basilone if you have any questions or would like to discuss our comments. Tim can be contacted at 724-733-2223.

Yours truly,

Sally Almond, P.E.
